Dear Michelle:

Thank you for all your assistance and dedication in making our company Christmas party a success. The services you and your staff provided were beyond my expectations. All of our employees were highly impressed with the appearance of the facility, the food and drinks, and the service. You always followed up and thoroughly answered any questions we had which alleviated all the stress that is associated with party planning.

I hope to work with you again for any of our future company parties.

Sincerely,

Jamie Webb
Office Services Manager
