Hello Tara,

Well my dear, lunch was a fantastic success, thanks in no small part, to you! You're willingness to open up the larger room to us and offering the shuttle, which was a surprise and a treat, really made today more special than in past years. We were never offered the shuttle service.

The girls (and couple of guys) are still talking about it in the hallway. Everyone is asking the other 'what did you eat? wasnt the dessert delicious? etc.

I dont know the name of our server but she is in a league of her own. I've been in this business a long time and have dined in the best and worst. The most expensive restaurants can have the worst waitstaff and visa versa but this young lady is at the top of her game! There is one waiter I will compare her to and thats Brahim at Las Canarias at La Mansion hotel. Until today, he held the torch, now its a tie. I certainly hope she is there next year! By the way, what is her name?? Does she serve in the main room or just group events?

Again, many thanks. Just know that Aldacos and Sunset Station will get a lot more promo from us.

Take care and a very blessed and safe Christmas season to you and your family,
Diana
